

**MINUTES OF THE MEETING of Hadlow Down Parish Council
Held in Hadlow Down Village Hall, Hadlow Down
at 7pm on Tuesday 1st November 2022**

Closed session minute.

223. WILDERNESS WOOD

BF declared a pecuniary interest so did not take part in any vote.

Discussion about ongoing issues which may be in breach of planning conditions was held.

Action: It was proposed that the owners of Wilderness Wood were invited to attend the next PC meeting to formally address the issues of concern in a public session. The PC voted 3/2 to support this way forward. If they do not accept the invitation the PC would ask Wealden DC to pursue the issues of concern.

Issues of concern:

1. Noise:

- Amplified music was regularly being played and this was a consistent breach of the noise management plan.
- The number of events – what activities counted as events and how was this number being managed?

2. Residents:

- How many residents were living on the site in all types of accommodation and for how long?
- Is a register being kept to show who is coming in and out of all types of accommodation and are they showing this to Wealden DC?

3. Burials:

- What burial activity was taking place and what procedures were being followed?
- Are they planning to conduct any more burials?
- Had the land registry been updated with the location of the graves?
