

## Peter Weston – Activity Report for June 2023 Meeting

**SID:** Routine battery changes and data download (ever two weeks). It had been proving difficult to reset the date/time clock (it repeatedly defaulted to 01.01.2010) which made reinterpreting the data a somewhat cumbersome process; a SWARCO engineer has now carried out an on-site visit and corrected the problem.

**Second SID:** This has now been on order for some time. SWARCO have reported some software and supply line problems that have effected production. It is disappointing that this delay has occurred particularly as the purchase of the second device was made possible by the hard work of Steve Godfrey and the generosity of local residents. However, I am hopeful that delivery will occur before the next meeting of the Parish Council.

**SID Data:** The most recent data collected is summarised below and again shows that the majority of drivers ignore the statutory speed limit. In a separate report to the Parish Council some suggestions are put forward as to how the data might be used to support the argument for improved traffic calming measures through the Village.

### A272 eastbound (Church site) 20<sup>th</sup> March 2023 to 30<sup>th</sup> May 2023

Range	0-24	25-29	30-34	35-39	40-44	45-49	50-54	55-59	60-64	65+	Totals
