

### **Cllr Lunn – WDC report for HDPC meeting 5<sup>th</sup> September 2023**

Not much to report this month as most people have been away and no committees have met or full council.

On Monday next week the **Overview and Scrutiny committee** will be having an update on **South East Water** regarding recent water outages and I plan to firmly represent the residents of Hadlow Down to ensure South East water are fully aware of the failings.

#### **Enforcement issues**

Following last months meeting I have forwarded Cllr Wellmans concerns inclusive of the permanent bus being lived in at Wilderness Wood and still waiting on a response on the 5 cases which have been presented.
