

Peter Weston – Activity Report for October 2024 Meeting

SID Data: Data for September is set out below. What is astonishing is that despite the poor state of School Lane, the frequent congestion in the section of the Lane near the speed sign, and most importantly that there is a school, some drivers pass St Mark's at over 40 mph, a few more than 55 mph; with almost 70% of those vehicles travelling in excess of 40 mph doing so during the day (6 a.m. to 6 p.m.)! It is about time East Sussex Highways introduced more proactive traffic calming measures near the School!

A272 Eastbound (by Wilderness Wood) September 2024

Range	0-24	25-29	30-34	35-39	40-44	45-49	50-54	55-59	60-64	65+	Totals
