

Hadlow Down Parish Council
Explanation of budget and precept increase for 2026/27

The table on page 3 shows the precept for 2025/26 and the current forecasted year end for this financial year.

Alongside these figures is the proposed budget for 2026/27. The proposed budget takes into consideration that all services have increased their charges, it also includes decisions made by the Parish Council to ringfence additional funding for existing and forthcoming projects.

The key increases are:

- Staff costs: A An increase in Clerk's d due to the amount of overtime the Clerk has had to put in most weeks on projects outside of the usual workload.
- Retender of the contract(required) for the maintenance of the burial ground and play area has increased costs.
- £10,000 has been ringfenced as part of earmarked reserves for projects coming up in the near future, they are made up of:
 - *£5,000 for Village Hall (to cover potential costs incurred by the Parish Council next financial year and thereafter, either directly or in support of the Village Hall Charitable Trust)*
 - *£4,000 for Community Centre (to cover legal and other costs associated with the Parish Council's responsibilities as landowner)*
 - *£1,000 for Burial Ground (for maintenance works)*
- There is a possibility that the Parish Council may need to submit an application to the Public Works Loan Board (as supported by the majority local residents in the recent poll) in the latter half of 2026/27; half the annual repayment has been budgeted for in the event this is necessary.

What reserve levels (funds in the bank) do we have and how much do we need?

We must (by law) retain sufficient funds to carry out our duties and to provide for any future projects set out in our strategic plans. Our general fund is for unexpected items. UK Government guidance is for this to be approximately 50% of the precept. We currently hold £28k in General Reserves which is just short of 50% and will likely reduce by the end of the year due to some un-budgeted costs coming out in Q4. This will need to be monitored closely.

Earmarked funds are all allocated to a specific pot. They are shown on the next page:

	Account	Opening Balance	Net Transfers	Closing Balance
320	EMR Burial Ground	670.18	1,500.00	2,170.18
321	EMR Property Maintenance	1,662.00		1,662.00
